Hope Foundation Establishing a Kids Committee For the All for the Kids Day of Activities

(Youngstown, Ohio) The Hope Foundation of the Mahoning Valley is announcing the formation of a committee that will help to establish and oversee activities planned for the annual **National All for the Kids Day** on May 15th.

Chronic and terminal illnesses impact the lives of tens of thousands of children daily in the United States. These conditions affect not only the everyday life and activities of a child but present challenges for parents, siblings, families, and friends. Children with chronic and terminal illnesses also require extensive therapies and medical care all of which can come at a great cost, to families financially and emotionally. **National All for the Kids Day**, a national day of recognition provides hope and support for these kids and their families.

To get involved and make a direct impact on the quality of life for these children and their families, contact us to find out how you can become part of the committee to plan the events for this national day of recognition. You can help make a difference in someone's life.
